Hi all,

FYI- we learned from OCIR yesterday that this draft amendment is no longer under active consideration; OCIR reported this based on conversations with Rep. Poliquin's staff.

Hi all,

Attached is the draft language that it looks like Rep Poliquin of Maine is proposing introducing. It references both the Maine final rule and the Washington final rule. The request below is for both review of the language and possibly help with talking points.

Hi Ed-

The Washington State/Maine water quality standard has popped up again and member is considering offering the attached amendment. I know we chatted with Lee and Greg briefly about this, but can you see if the Office of Water has any concerns with the language? Also, if they are ok with it, any talking points in support?

Thanks!

Kristin
